out opposition. On motion of Mr. Durborow, of Illipois, the joint resolution was passed authorizing the President to request of the Queen Regent of Spain the loan of relics of Columbus for exhibition at the world's fair; also, on motion of Mr. Durborow, the joint resolution was passed authorizing the Secretary of the interior to send to the world's fair models and drawings of inventions made by women. Several other resolutions pertaining to exhibits at the world's fair and carrying no appropriations were objected to by Mr. Kilgore, of Tex. The House then adjourned.

The members of the national commission and board of control of the world's fair, now in Washington were very agreeably surprised at the result of the yea and nay vote in the House to-day on the Senate amendment to the sundry rivil appropriation bill, appropriating \$5,000,000 for the world's fair, for it lessened from a majority of 25 against the appropriation, as shown by the vote in committee of the whole, to a majority of 12 against the appropriation. Thischange in the vote, they thought, argued well for an ultimate entire reversal of the action of the House. They are hopeful that this result will be reached through the instrumentality of a conference report, and are working hard to that end.

How Chicagoaus Received the News. CHICAGO, July 19.- The news of the defeat of the world's fair appropriation bill in the lewer branch of Congress spread rapidly through the offices at headquarters to-day. Its first effect was to stagger those who had believed that when a final vote was taken Congress would support the fair it had made. No director was, found, however, who would admit defeat, and by the way those who had asserted that an appropriation based upon Sunday closing would not be accepted, were as disgusted as their fellows at the announcement of the action of the House of Representatives. Director-general Davis left for Washington

WASHINGTON, July 19 .- Secretary of State Foster announced to-day that an entirely cordial and mutually satisfactory settlement had been reached between the government of the United States and Chili, respecting the indemnity to be paid by the latter on account of the assault upon the crew of the Baltimore at Valparaiso, on the 16th of October, last year. The last published dispatch upon the subject was sent by Mr. Blaine on Jan. 80, last, in which it was stated that the President believed that the subject of reparation for the Baltimore affair was capable of adjustment by the usual diplomatic methods, and that the sense of justice of Chili would doubtless enable the two governments to honorably make a full end of the whole matter. The subject rested in this condition till the entrance into the Chilian Cabinet of the present Minister of Foreign Affairs, Senor Errazuriz, last month, when he communicated to Mr. Egan the disposition of the Chilian government to come to an adjustment of the Baltimore indemnity.

On July 1 Mr. Egan was informed by Secretary Foster that the President was much gratified at the indication received of the disposition of the Chilian government, and that he did not doubt that it would be ready to make a liberal indemnity to the families of the deceased and to the wounded survivors, and Mr. Egan was in-Minister of Foreign Affairs on the subject. Under date of the 13th inst. Senor the Manhattan Club, and the response was Errazuriz addressed Mr. Egan a note, placing at the disposal of the latter the sum of president of the league. The announce-section of the distributed among the families of the the Milwaukee Whist Club, had won the two seamen who lost their lives, and to the surviving members of the crew wounded in the affair of Oct. 16. SENATOPS TALKED ALL DAY. First It Was Morgan's Financial Scheme,

and Next the Anti-Option Bill. WASHINGTON, July 19.-The resolution offered by Mr. Morgan last week instructing the committee on finance to report a bill with all convenient dispatch giving to all paper money issued by the government and to standard silver dollars the full legaltender effect that is given by law to gold coins was taken up in the Senate to-day, and discussed for an hour and a half, the debaters being Messrs. Morgan, Sherman and Allison.

The anti-options bill was taken up, and its consideration proceeded with, only one dilatory motion having been interposed, and Mr. Vest stating that no obstructive course would be resorted to. Mr. Stewart made a long speech, principally on the subject of bimetallism and of the depreciation of farm lands and the general products of the country, which resulted, as he said, from the shrinkage in the volume of currency. He said, however, that he would probably vote for the anti-option bill, just to show how worthless it was. A large number of amendments that had been offered by Mr. Washburn were agreed to without question, and a substitute was offered for the whole bill by Mr. George, on behalf of him-self and Messrs. Coke and Pugh. A reprint of the bill was ordered, and it went over

till to-morrow. A message announcing the action of the House on the sundry civil appropriation bill was laid before the Senate, including the House provision in relation to the Pinkerton detective force. Mr. Allison said in regard to the latter that he bad no doubt of its meeting the approval of the Senate, but that its phraseology might have to be medified, and that it should be in its appropriate place. On his motion, therefore, that amendment was disagreed to, and a conference agreed to on the whole bill. Messrs. Allison, Hale and Gorman were appointed conferees on the part of the Senate. After a short executive session the Senate adjourned.

New Supreme Justice. WASHINGTON, July 19.-The President to-day sent to the Senate the nomination of George Shiras, jr., of Pennsylvania, to be Associate Justice of the Supreme Court of the United States.

After studying law he was admitted to practice in 1856, in Pittsburg, where he has since resided. He has never held public office nor has he ever served on the bench. It is understood that Mr. Andrew D White, of New York, is to be appointed United States minister to Russia.

It is asserted by Col. Extraordinary Proceedings at Whitesville, in Which a Minister and 87 Figure.

Special to the Indianapolis Journal. CRAWFORDSVILLE, July 19 .- The people of Whitesville are wildly excited over the case of Rev. W. R. Jacobs against the trustees of the Universalist Church, for salary and refusing to permit him to preach in the church. Mr. Jacobs came to Whitesville last winter, from Logansport, where he had been editing a Prohibition paper. He is a converted cowboy and prize-fighter from Arizona, and since his reformation has been a lawyer, poet, editor, doctor and preacher. His queer expressions, bordering on vulgarism, caused objections to his acting as minister, and the straw that broke the camel's back was a sermon upon the Homestead strike, in which he used very socialistic language, and declared that unless Cleveland was elected the country would soon be involved in the biggest war ever known in our history. After this sermon the doors of the church were closed against him, and the preacher entered suit. He conducted his own case, and during the securing of a jury got into a wrangle with a Mr. Holt, whom he told "to keep his eyes in their sockets if he did not want them knocked out." Holt responded in kind, and the preacher took offense and bad a warrant issued for his arrest. Later Holt met the preacher and prepared to thrash him, but two men, who always accompany the minister, interfered, and he escaped. The Whitesville squire sent for the sheriff, and this morning a constable was sent from here to help the 'squire keep peace during the trial. Jacobs ntered a vigorous protest against the jurymen, whom he denounced as a newspaper correspondent. Then a fight ensued between Holt and one of the men who act as a body-guard to Jacobs, in which Holt knocked the man down and the crowd chased bim away. Things were now getting to be rather warm for the preacher, and his life seemed in danger. After dinner Jacobs arose and informed the court that he would withdraw his case; be did this upon the earnest solicitation of his wife, and not because he was subdued. He declared that he loved the flag of our country, and was sorry that he could not be protected and have a fair trial. He asked that he and his wife be permitted to walk out of town unmolested, which they would do, he said, this even-ing. After he had finished speaking he and his wife broke down and wept. One of the attorneys for the church trustees begged the crowd to show him as much respect as possible and allow him to peaceably depart. The trustees made up his \$7 back salary and the people took up a collection for him.

One of the other wells showed a gain of five pounds, and the other showed a pressure of 280 pounds, which is a gain of fifteen pounds. Mr. Darnell believes if the wells are properly cared for and not drawn on for more than their natural production, they will last an indefinite time.

HARRITY AND SHEEKIN.

Former to Be Made Chairman and the Latter Secretary of the Democratic Committee. New York, July 19 .- The national Demo cratic committee will meet in this city tomorrow evening for the purpose of organizing and laying out the preliminary work of the campaign. A careful canvass of the national committeemen in the city tonight shows that, whatever doubts there may be in some quarters as to the wisdom of Mr. Harrity's selection, there is an unanimous desire to select as chairman of the committee the man who will be most agreeable to Messrs. Cleveland and Stevenson. And so the chairmanship may be said to depend entirely upon the choice of the party candidates, and there is a general impression that Mr. Harrity is the choice of these gentlemen since Mr. Whitney has positively declined to be considered in this connection.

The re-election of Hon. S. P. Sheerin, of Indiana, as secretary of the committee is a foregone conclusion, as Mr. Sheerin has no opposition, and is the unanimous choice of the committee. One of the most important matters to be considered by the committee is the establishment of branch headquarters at Chicago in charge of a subcommittee of the national committee. This sub-committee, it is contemplated, shall have charge of the campaign in Illinois, Indiana, Wisconsin, Iowa, and other Western and Northern States which are held to be in the doubtful list. Grover Cleveland, "Gen." A. E. Steven-

son, General Ewing, private secretary O'Brien and some half dozen newspaper men left Buzzard's Bay this e route for New York via the Fall River line. Mrs. Cleveland left yesterday afternoon in Mr. Benedict's yacht Onelda, and will join her husband later. The Clevelands will only be absent from home a short time, and will undoubtedly return after the duties of meeting the notification committees are concluded. At Middleboro the party was greeted by a delegation of Democrats headed by Col. Earle Ryder and an open-hearted recep-tion occurred. There were no unusual incidents during the trip from Buzzard's Bay, the time being taken up in exchange of experiences at the bar between Mr. Cleveland and General Ewing. General Stevenson joining in. On reaching Fall River the party boarded the steamer Pilgrim, where the employes of the boat welcomed Mr. Cleveland as though he was an old friend.

Mr. Cleveland and Stevenson will arrive in this city from Gray Gables at 8:30 o'clock to-morrow morning. While here Mr. Cleveland will be the guest of ex-Secretary of the Navy W. C. Whitney, whose house will afford him the seclusion and privacy which he could not enjoy at a hotel. Immediately after the notification ceremonies, which will take place at 8:30 P. M., the candidates will be driven to the Manhattan Club, where they will meet the distinguished invited guests. There will be no reception or handshaking on the platform of the garden. In fact the formalities will be very brief. The notifi-cation committee will deliver the message from the convention, and Mr. Cleveland and Mr. Stevenson will each reply in turn, accepting the honor.

Fighting the New York Gerrymander, NEW YORK, July 19.- The boards of supervisors throughout the State, under the act of the last Legislature, providing for an enumeration (which has been made) and a reapportionment of Assembly districts under it, have been to-day conforming to the provisions of the act. There have been two exceptions-Monroe and Orange counties-which have flatly refused to recognize any but the old boundaries of their Assembly districts. The reasons given by the Monroe county board are:

First-That the Legislature could not constitutionally enumerate the inhabitants in 1892. Second-That the enumeration which was made dfi not comply with that provision of the Constitution which necessitates that the Legis-lature shall know how many persons of color, not taxed, there are in each of the counties of

Third-That the so-called reapportionment act was not passed at the first session of the Legislature after the enumeration was returned.
Fourth—That gross and flagrant inequalities exist in the apportionment of members of the Assembly and Senate, whereas the Constitution provides that "each Senate district shall contain as nearly as may be an equal number of inhabitants," excluding aliens and persons of color "not taxed," and that members of the Assembly shall be apportioned among the counties "as nearly as may be according to the number of their respective inhabitants, excluding aliens." The action of the Monroe county board

was taken on the advice of the Republican State central commettee.

Weaver Says Talking Is Dangerous. Sr. Louis, July 19.-General Weaver, en route to Vincennes, Ind., to attend the opening meeting of the People's party campaign, stopped in St. Louis long enough today to consult with the officials at the party's headquarters here. Discussing the outlook, he asserted that he was confident of success, as his party would carry as many or more States than the two old parties. He is in receipt of a letter from George H. Nixon, of the silver party of Nevada, assuring him of the three electoral votes of that State and promising earnest support of the People's party ticket. Beyond this General Weaver would not talk, saying he had long ago learned that talking was dangerous, and

therefore he would not discuss friends or

enemies, having determined on a policy of

Missonri Democratic Convention. JEFFERSON CITY, Mo., July 19.-The Democratic State convention met here today to nominate a State ticket. The platform met with no opposition. It indorses the national platform and eulogizes the economic management of State affairs by the Democratic party and denounces the protective tariff. The only paragraph out of the usual order is the following:

The safety of life and property can be best secured by the prompt enforcement of the law through its constituted authorities and we oppose the employment and use of domestic or foreign mercenaries by persons and corporations for the purpose of enforcing their supposed legal rights as being dangerous alike to life, liberty

Eight ballots were taken for Governor without result. It looks like an all-night session.

Warrants for Idaho Miners, Boise City, Ida., July 19.-Warrants for the arrest of the leaders of the Cour d'Alene riots were issued this afternoon. The men will probably be brought to Boise City, and questions of jurisdiction settled afterwards. The offense charged is the violation of the injunction issued out

purpose on the part of the lawless mob to drive them away from their employment as soon as the troops retired. The authority of the State cannot thus trifle with the public peace, and all parties and intereste would be wise to learn at once what military force means when it is summoned to maintain the law. It means that every employer shall employ whom he will and that all thus employed shall pursue their vocations in safety. It means that every workman shall be protected in his right to work, or not to work, as he shall decide for himself. Such is the meaning of the employment of military force to maintain the peace at Homestead, and all who are wise will speedily understand it.

Judge Chapin in His Own Behald

to the Editor of the L As a rule, I think silence is the best answer to untrue newspaper attacks, but the article in the Indianapolis Sentinel of yesterday is so outrageously false as respects myself that I desire to make this statement. It is not true that President Harrison has appointed me as examiner of the Northern Pacific railway or of any other railway. In fact, I have received no appointment by the administration at all. It is not true that I ever ran for circuit judge and was defeated. I have been advised by my physician to go to Arizona as a possible benefit or relief for a throat difficulty, and I have been requested by the Attorney-general to appear in behalf of the government and cross-examine witnesses whose depositions will be taken in New Nexico and Arizona by claimants who have suits pending in the Court of Claims. In 1886 I did run for the office of judge of

the Superior Court of this county against the regular Democratic nominee, and was elected. My opponent, two years before, had been elected to the same office by 3,700 majority to till the vacancy.

As to my alleged unpopularity I put against that assertion the fact that this last spring, in view of a possible vacancy in the Supreme Court, a petition was circulated in this county for my appointment, which was signed by nine-tenths of the local bar, irrespective of party. Like petitions were circulated in six contiguous counties, which were also signed by nearly the entire bar in each county. Among the signers of these petitions were four Democratio judges, an ex-judge of the Supreme Court and several ex-Democratic judges. It is not pleasant to speak of myself in a defense that seems to savor of egotism, but I think the truth ought to be known.

Behind in Its Work. Philadelphia Press. The Democratic House is now a feli month behind in the appropriations, and has been forced to extend those of last year to the end of this month. Big as the Democratic majority is, it can get nothing done on time or in time, so little do the present rules of the House enable the majority to control
